JUSS & CO

Company overview | 02 November 2026

WHO WE ARE

Juss & Co is a founder-led studio for human-centered products, creative experiences, commerce and AI-enabled systems.
Our approach: build useful work, challenge assumptions, and show proof.

FOCUS AREAS

Consumer and family experiences: Se'kret Bip and connected concepts.
Founder systems: Founder Control Room, Chief AI and related tools.
Commerce and creative work: Juss Beautiful Hair and selected projects.
Product design, software, automation and evidence-based verification.

HOW WE WORK

Intent is not authorization. Activity is not an outcome.
We separate planned features, shipped code, tested flows and live results.
Public descriptions never grant access to private systems or user data.

WHAT THIS FILE PROVES

This is a dated description of the company, not an uptime report.
Project status and availability must be checked at each product source.
Some projects are in development and are not public offerings.
