SELECTED WORK

Public evidence index | 02 November 2026

SE’KRET BIP

Purpose: privacy-aware family and teen self-expression experiences.
Public source: https://github.com/jussray/Sekret-Bip
Current member-flow readiness is not certified by this file.

FOUNDER CONTROL ROOM

Purpose: founder authority, project execution and evidence governance.
Public source: https://github.com/jussray/founder-control-room
Published source and live service behavior are separate proof layers.

SYNC PARTY

Purpose: real-time social party-game experiences.
Public source: https://github.com/jussray/sync-party-game
Current multiplayer production outcomes require separate verification.

READ THIS EVIDENCE CORRECTLY

Source code indicates authored or committed work, not product uptime. CI results, Cloudflare deployment IDs, browser tests and user outcomes must be independently checked before making live-functioning claims.
